Professional Summary

Motivated and detail-oriented 3rd-year B.Tech Computer Science student with a strong interest in Frontend Web Development. Hands-on experience in building responsive and user-centric web applications using HTML, CSS, and JavaScript. Familiar with basic backend logic, version control, and problem-solving. Seeking a frontend development internship to apply technical skills in real-world projects while continuously learning industry best practices.

Education

Bachelor of Technology (B.Tech) – Computer Science (2023 – 2027)

Shri Siddhi Vinayak Institute of Technology

Senior Secondary (Class XII) – Science, UPMSP (2023)

Shanti Agrawal Saraswati Vidhya Mandir Inter College, Bareilly

Secondary (Class X) – UPMSP (2021) Shanti Agrawal

Saraswati Vidhya Mandir Inter College, Bareilly

Technical Skills

- Frontend Technologies: HTML5, CSS3, JavaScript
- Programming Languages: Python (Basic), C Programming
- Web Concepts: Responsive Design, Semantic HTML, UI Optimization
- Tools: Git, GitHub, VS Code

Projects

- **Music Orbit – Responsive Music Website** (Oct 2025 – Nov 2025) Designed and developed a responsive music streaming website using HTML, CSS, and JavaScript. Implemented clean UI design, smooth navigation, and device compatibility. Focused on performance optimization and user experience. Integrated structured layouts and reusable components.
GitHub: <https://github.com/LakshyaVardhanSaxena/MusicOrbit>
- **Pass-L – Password Manager Website** (Sep 2025) Developed a secure and responsive password manager website with full CRUD functionality using HTML, CSS, and JavaScript. Enabled users to store, view, update, and delete credentials efficiently. Emphasized data handling logic, form validation, and UI clarity.
